

Green Valley Recreation Pickleball Donation Request:

We have all heard the cliché "It is better to give than to receive," especially during the Christmas holiday season, correct? With that thought in mind, as well as a 2020 year that we would all like to kick to the curb, I would like to ask all of you to consider a monetary donation for the Green Valley Food Bank. You may donate cash and/or write a check addressed to GVR Pickleball Club (indicate food bank donation on the check). The club's board has authorized this request for donations to be made out to the pickleball club because we would like the club to present one large check to the Green Valley Food Bank on December 21, 2020 which gives us 10 days to raise \$1000.

Cash and checks can be deposited in the GVR Pickleball Club mailbox in the East Center lobby or mailed to GVR Pickleball Club, P.O. Box 845, Green Valley, AZ 85622

Also, I plan to ask all of the TAPPL captains to assist in helping to raise money with each of their respective teams. If any other club members have ideas to raise additional funds please feel free to do so. Keep the target date of December 20 in mind so there is sufficient time for the club to write out the check.

Obviously, I can not speak for anyone but myself regarding the importance of generosity in these unprecedented times in our country, and especially in our community, but I hope you will value the importance in making a difference for local families and children during the Christmas holidays.
